 as Application Serial No. 09/208,785
 and assigned to Art Unit 2744

**STATEMENT OF FACTS IN SUPPORT OF FILING ON BEHALF OF NONSIGNING
INVENTOR (37 CFR 1.47)**

This statement is made as to the exact facts that are relied upon to establish the diligent effort to secure the execution of the declaration by the nonsigning inventor for the above-identified patent application before deposit thereof in the Patent and Trademark Office. A similar "Statement of Facts in Support of Filing on Behalf of Nonsigning Inventor" is also being provided in co-pending U.S. patent application titled "Wireless Software Upgrades with Version Control" and having a filing date of January 21, 1999 (serial no. 09/234813).

I. Identification of person making statement of facts

This statement is being made by the available person having first-hand knowledge of the facts recited herein. In particular, this person making the statement of facts is as follows:

Name: Timothy P. O'Hagan
Address: 31 White Bark Place
The Woodlands, TX 77381

II. The last known address of the nonsigning inventor

The last known address of the nonsigning inventor is as follows:

Full name of first nonsigning inventor who refuses to sign: Paul A. Cowan
Country of Citizenship Canada
Address 2531 Laurel Road
Hinckley, Ohio 44233

III. Details of refusal of nonsigning inventor to sign application papers

The following are the facts in support of demonstrating that a bona fide attempt was made to present a copy of the application papers (specification, including claims, drawings and declaration) to the nonsigning inventor for signature:

1. I am currently patent counsel for Telxon Corporation having its world headquarters in Akron, OH.
2. On August 7, 1996 U.S. Patent Application Serial No. 08/694,637 (hereinafter referred to as the "parent case") was filed for an invention titled "Wireless software upgrades with version control" on which Paul A. Cowan (hereinafter referred to as "Mr. Cowan") was the named inventor. The parent case has since issued as U.S. Patent No. 5,848,064.

3. At the time of filing the parent case, Mr. Cowan was an employee of Telxon Corporation and had assigned all rights in the invention to Telxon Corporation in accordance with his obligations under his employment contract. A copy of such assignment is attached hereto as Exhibit A. Mr. Cowan assigned all rights to the invention including any divisional, renewal, substitute, continuation and Convention applications to Telxon.
4. On February 13, 1998, a continuation of the parent case was filed and assigned Serial Number 09/023,857.
5. On December 10, 1998, the present application was filed as a continuation-in-part of the 09/023,857 application and assigned Serial Number 09/208,785 (hereinafter referred to as the "present application").
6. The inventors listed on the present application are Mark A. Criss and Paul A. Cowan.
7. Mr. Cowan is no longer an employee of Telxon Corporation and was not an employee at the time of filing the present application.
8. Mr. Cowan's contributions to the present invention stem solely from the inventive features described in the parent case from which the present application claims priority. Mr. Cowan's contributions are included in at least pending claim 1 of the present application.

9. On January 26, 1999, Mr. Cowan and I had a telephone conversation during which time I requested that Mr. Cowan agree to read, review and understand the present application and sign both a "Combined Declaration and Power of Attorney" and an "Assignment".
10. During the January 26, 1999 telephone conversation, Mr. Cowan expressly stated to me that he is unwilling to receive a copy of the present application and refuses to read, review and understand its content. Mr. Cowan also stated that he would refuse to sign the "Combined Declaration and Power of Attorney" since it requires that Mr. Cowan state that he read, reviewed, and understands the present application.
11. On February 1, 1999, I hand carried a copy of the present application (specification including claims and drawings), the "combined Declaration and Power of Attorney" and the "Assignment" to the following location where I met Mr. Cowan: 308 N. Cleveland
Massillon Rd, Akron OH. Upon meeting Mr. Cowan, I again requested that Mr. Cowan read, review and understand the present application and sign the "Combined Declaration and Power of Attorney" and "Assignment".
12. During the February 1, 1999 meeting, Mr. Cowan again indicated his refusal to read, review and understand the present application, execute the "Combined Declaration and Power of Attorney", or execute the "Assignment". Mr. Cowan's refusal to sign is due to his concern with potential liability associated with gaining knowledge of the new material added in present application after his time of employment

with Telxon in view of the fact that he is now employed by a competing company.

13. As written proof of his refusal to sign, Mr. Cowan signed the attached "Acknowledgment of Refusal to Sign" during the February 1, 1999 meeting with me. The Declaration is attached as Exhibit B.

EXHIBIT B

ACKNOWLEDGMENT OF REFUSAL TO SIGN

I, Paul A. Cowan, hereby state that on FEB. 1, 1999, I had a personal meeting with Timothy P. O'Hagan at the following location: 308 NORTH CLEVELAND--MASSILLON RD, AKRON OH. During the meeting, Mr. O'Hagan tendered to me a copy of patent application Serial No. 09/208,785, filed on December 10, 1998 and entitled "WIRELESS SOFTWARE UPGRADES WITH VERSION CONTROL" (specification including claims and drawings). Further, I attest that on this date Mr. O'Hagan also tendered to me a "Combined Declaration and Power of Attorney" and an "Assignment" for execution in this matter. I did not accept, read, review or maintain any copies of the above documents tendered to me by Mr. O'Hagan.

I am no longer employed by Telxon Corporation and therefore I am concerned with potential liability associated with gaining knowledge of the new material added in present application after my time of employment with Telxon. Therefore, upon being provided with each of these documents, I attest that I refused to read, review and understand patent application Serial No. 09/208,785 and also refused to sign the "Combined Declaration and Power of Attorney" and "Assignment"

Paul A. Cowan
